Salman Akhtar

Python Developer | Python | Flask | FastAPI | LangChain
Lahore, Punjab, Pakistan

Summary

I'm a Python Developer with experience in Python, FastAPI, Flask,
and building RESTful APIs. I enjoy solving problems and creating
backend solutions that are efficient and easy to use, ensuring they
effectively meet real-world needs. My work involves database
design, API development, and using tools like SQL, MongoDB, and
Git. I've also worked with LangChain to integrate AI capabilities into
applications. I'm always eager to learn and explore new technologies
to improve my skills and deliver better solutions.
